HFD-500 recommended for mines 48" and lower

Features

- D3522 2" Squeeze Pump
- On Board Water Tanks for Mixing
- On Board Air Compressor
- On Board Foam Generator
- Robust Framework with Stinger Hole

HFD-1000 Features

- 240 ga. Mixing Capacity
- For Mine Seams higher than 48"

HFD-500 Features

- 120 ga. Mixing Capacity
- For for Mine Seams under 48"

Specifications

	HFD-1000
Length	89"
Width	75.5"
Height	38"
Weight	4,647 lbs.
Output	0 - 1,212 ga. per hour
Hydraulic Requirement	17 GPM@2,000 PSI

Specifications

	HFD-500
Length	91.5"
Width	76"
Height	28.25"
Weight	4,411 lbs.
Output	0 - 1,212 ga. per hour
Hydraulic Requirement	17 GPM@2,000 PSI
